FACT SHEET

Property Search Information Fact Sheet

Rates and Water Searches

Rates Search –

Short Rate Search – Property details, rate position for the current financial year and rates and charges information.

Full Rate Search – Property details, rate position for the current financial year, water meter readings, water, sewerage and/or septic connections information, rates and charges information, registrations/licences required, outstanding requisitions and notices, zoning/preferred land use under Town Planning Scheme, building information, re-alignments, resumption, easements/service lines and if the property is identified within the Qld Floodplain Assessment Overlay. Rural properties will also receive the information provided in the Rural Lands Records Search detailed below.

Urgent Rate Search – Same information as a Full Rate Search, completed within 3 working days of payment.

Phone/Counter Search – Name and contact details of property owner.

Water Meter Reading – Property details, water meter readings and water and sewerage connection information.

Water and Sewer Searches

Water Meter Re-Reading – A council officer will physically re-read the water meter located on the property. This fee is refundable if six monthly read is incorrect.

Water & Sewer Location Search – see plans description below

Technical Water & Sewer Location Search – A Council Officer will locate approximate depth & alignment of Sewer & Water Main onsite

Planning and Development Certificates

The provision relating to **Planning and Development Certificates** is outlined in section 265 of the *Planning Act 2016*. It is recommended that any prospective purchaser or future owner contact Council's planning department to discuss possible land use requirements for this property.

Plans

Sanitary Drainage Plan – This outlines the house drainage for a property. Please note this plan is included in the Plumbing Records Search.

Water & Sewer Services Plan – This plan outlines Council's Water and Sewer Infrastructure from Council's mapping system. **Please note these plans are to be used as a guide only and pothole testing should be used when excavating around the areas of any Council Infrastructure.

Building and Plumbing Searches

Building and Plumbing Search – provides details and copies of permits and final certificates issued including certificate of classification.

Certificate of Classification – Council will provide a copy of an existing certificate of classification (included in building record search).

Pool Safety Certificate Inspection – provides confirmation that pool/spa complies with legislation which commenced 1 December 2010. Fee includes one inspection only; if re-inspection is required additional charges will apply.

Health and Environment Searches

Health Compliance Search – may take up to 10 clear working days to complete. Compliance searches will not be conducted until payment for service is received.

Environmental Activities – The following are defined as environmental activities under the *Environmental Protection Act 1994*.

Asphalt manufacture, Boat maintenance or repair, Metal forming (ie panel beating, construction of steel tanks) > 10,000 t/year, Metal recovery (ie scrap metal yard, wreckers), Plastic product manufacture > 5t/year, Surface coating (ie anodizing, enameling, electroplating, galvanizing) 1-100t of surface coating material/year.
