LOCALITY MAP

NOTE:
Base and cadastral data from: Department of Natural Resources and Mines
Enhanced by: Stock Route Management Unit and Pest Information Management Unit on 28 Jul 2004

Map Projection: Geographic
Datum: GDA94

IMPORTANT WARNING:
THIS MAP IS PART OF A SERIES OF MAPS CALLED THE "STOCK ROUTE NETWORK OF QUEENSLAND" (THE "NETWORK"). THIS MAP IS FOR GUIDANCE ONLY AND GIVES NO RIGHTS TO TRAVEL STOCK BY HOOF OR AGIST STOCK ON THE NETWORK - A PERMIT MUST FIRST BE OBTAINED.

To apply for a permit, contact the relevant local government

The Stock Routes shown on the Network are declared Stock Routes under the Land Protection (Pest and Stock Route Management) Act 2002. Under this Act, additional roads and routes may become Stock Routes by usage or declaration under a regulation. The Network may be amended at any time to incorporate new Stock Routes. The reader must not rely solely on this map but make additional enquiries of the Department of Natural Resources, Mines and Energy (the "NRM&E") in relation to roads and routes which may be in the process of incorporation into the Network or should, by current usage, be incorporated in the Network. For more information contact client services at your nearest NRM&E office
